DIRECTORS' REVIEW

The Shareholders,

The Directors are pleased to present the unaudited accounts of the Company for the period ended June 30, 2020.

By the Grace of Allah, the underwriting performance of your Company for the first six months of 2020 has been impressive, recording a profit of Rs. 78.9 million compared to Rs. 44.8 million for the corresponding period of last year. The increase in underwriting performance was also contributed by favourable claims experience and higher commission income. The written gross premium for the period was Rs. 788.8 million, a decline of 4% largely attributable to the economic slowdown in the country due to COVID-19.

The Investment Income for the period under review was Rs. 27.2 million as compared to Rs. 50.1 million of last year. This was mainly due to capital loss realized owing to uncertain market conditions prevailing in the earlier part of the year.

The profit before tax was Rs. 50.9 million against Rs. 44.8 million of same period last year. The profit after tax was Rs. 37.6 million resulting in an earning of Rs. 0.30 per share.

Mashallah, the number of COVID-19 cases being reported is decreasing and accordingly the Government has lifted the lockdown. It will take time for the economy to get back to normal and anticipate the year 2020 will have its challenges.

We continue to take a conservative view on our expected investment returns, and the Company will Inshallah pursue its plan to further improve underwriting results through focusing on expansion of business, without compromising on its cautious underwriting. We hope and pray that the situation returns to normal at the earliest.

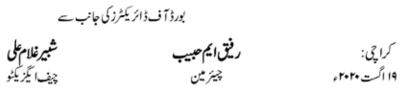

On behalf of the Board of Directors

Karachi: August 19, 2020

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Habib Insurance Company Limited

Report on review of Interim Financial Statements

Introduction

We have reviewed the accompanying condensed interim statement of financial position of Habib Insurance Company Limited ("the Company") as at 30 June 2020 and the related condensed interim statement of comprehensive income, condensed interim cash flow statement, condensed interim statement of changes in equity, and notes to the condensed interim financial statements for the six-month period then ended (here-in-after referred to as the "interim financial statements"). Management is responsible for the preparation and presentation of this interim financial statements in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these interim financial statements based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial statements is not prepared, in all material respects, in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting.

Other matter

The figures for the quarters ended 30 June 2020 and 30 June 2019 in the condensed interim statement of comprehensive income have not been reviewed and we do not express a conclusion on them.

The engagement partner on the review resulting in this independent auditors review's report is Muhammad Taufiq.

Date : 31 August 2020

1.3 During the period, the novel coronavirus (COVID 19) emerged and since then, the condition has continued to deteriorate. On January 30, 2020, the International Health Regulations Emergency Committee of the WHO declared the outbreak a "Public Health Emergency of International Concern". The COVID-19 pandemic has significantly impacted the market around the world to date and may continue to do so in the coming months of 2020 whereby potentially impacting the earnings and cash flows of the Company. The scale and duration of this outbreak remains uncertain and as it evolves globally in 2020, the company based on its current assessment considered that there would be no significant impact that will adversely affect its business, result of operations and financial condition of the company.

2. BASIS OF PREPARATION AND STATEMENT OF COMPLIANCE

These condensed interim financial information has been prepared in accordance with the format prescribed by Securities and Exchange Commission of Pakistan (SECP) through Insurance Rules, 2017, vide SRO 89 (I) / 2017 dated February 09, 2017.

These condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of: International Accounting Standard (IAS) 34, Interim Financial Reporting, issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017 and provisions of and directives issued under the Companies Act, 2017, the Insurance Ordinance, 2000, Insurance Rules, 2017, Insurance Accounting Regulations, 2019. Where the provisions of and directives issued under the Companies Act, 2017, Takaful Rules, 2012 and General Takaful Accounting Regulations, 2019. Where the provisions of and directives issued under the Companies Act, 2017, and Insurance Accounting Regulations, 2017, Takaful Rules, 2012 and General Takaful Accounting Regulations, 2019 and General Takaful Accounting Regulations, 2017, Takaful Rules, 2012 and General Takaful Accounting Regulations, 2017, Takaful Rules, 2012 and General Takaful Accounting Regulations, 2019 differ with the requirements of IAS 34, the provisions of and directives issued under the Companies Act, 2017, Insurance Ordinance, 2000, Insurance Rules, 2017, and Insurance Accounting Regulations, 2017, Takaful Rules, 2012 and General Takaful Accounting Regulations, 2019 differ with the requirements of IAS 34, the provisions of and directives issued under the Companies Act, 2017, Insurance Ordinance, 2000, Insurance Rules, 2017, and Insurance Accounting Regulations, 2017, Takaful Rules, 2012 and General Takaful Accounting Regulations, 2019 have been followed.

In terms of the requirements of the Takaful Rules, 2012, read with SECP circular 25 of 2015 dated July 09, 2015, the assets, liabilities and profit and loss of the Operator's Fund of the Company have been presented as a single line item in the statement of financial position and profit and loss account of the Company respectively.

Further, a separate set of financial statements on the general takaful operations for the six months period ended June 30, 2020 has been annexed to these condensed interim financial statements as per requirements of General Takaful Accounting Regulations, 2019.

The disclosures made in these condensed interim financial statements have been limited based on the format prescribed by the Securities and Exchange Commission of Pakistan vide SRO 89(I)/2017 and International Accounting Standard (IAS) 34, "Interim Financial Reporting" and do not include all the information and disclosures required in the annual financial statements. Accordingly, these condensed interim financial statements should be read in conjunction with the annual financial statements of the Company for the year ended December 31, 2019.

2.1 Basis of measurement

These condensed interim financial statements have been prepared on the historical cost basis except for certain investments which are carried at fair value and obligations under certain employment benefits which are measured at present value.

2.2 Functional and presentation currency

These condensed interim financial statements are presented in Pak Rupees which is also the Company's functional currency. All financial information presented in Pak Rupees has been rounded to nearest Thousand Rupees, unless otherwise stated.

2.3 Amendments to approved accounting standards that are effective in the current period

There are certain amendments to existing accounting standards that have become applicable to the company for accounting periods beginning on or after January 1, 2020. These are considered either not to be relevant or not to have any significant impact on the Company's condensed interim financial statements.

2.4 Standards interpretations and amendments to published approved accounting standards that are not yet effective

The following International Financial Reporting Standards (IFRS Standards) as notified under the Companies Act, 2017 and the amendments and interpretations thereto will be effective for accounting periods beginning on or after July 01, 2020;

- Amendment to IFRS 3 'Business Combinations' Definition of a Business (effective for business combinations for which the acquisition date is on or after the beginning of annual period beginning on or after January 01, 2020). The IASB has issued amendments aiming to resolve the difficulties that arise when an entity determines whether it has acquired a business or a group of assets. The amendments clarify that to be considered a business, an acquired set of activities and assets must include, at a minimum, an input and a substantive process that together significantly contribute to the ability to create outputs. The amendments include an election to use a concentration test. The standard is effective for transactions in the future and therefore would not have an impact on past condensed interim financial statements.
- Amendments to IAS 1 Presentation of Financial Statements and IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors (effective for annual periods beginning on or after January 01, 2020). The amendments are intended to make the definition of material in IAS 1 easier to understand and are not intended to alter the underlying concept of materiality in IFRS Standards. In addition, the IASB has also issued guidance on how to make materiality judgments when preparing their general purpose condensed interim financial statements in accordance with IFRS Standards.

- On March 29, 2018, the International Accounting Standards Board (the IASB) has issued a revised Conceptual Framework for Financial Reporting which is applicable immediately contains changes that will set a new direction for IFRS in the future. The Conceptual Framework primarily serves as a tool for the IASB to develop standards and to assist the IFRS Interpretations Committee in interpreting them. It does not override the requirements of individual IFRSs and any inconsistencies with the revised Framework will be subject to the usual due process this means that the overall impact on standard setting may take some time to crystallize. The companies may use the Framework as a reference for selecting their accounting policies in the absence of specific IFRS requirements. In these cases, companies should review those policies and apply the new guidance retrospectively as of January 01, 2020, unless the new guidance contains specific scope outs.
- Interest Rate Benchmark Reform which amended IFRS 9, IAS 39 and IFRS 7 is applicable for annual financial periods beginning on or after 1 January 2020. The G20 asked the Financial Stability Board (FSB) to undertake a fundamental review of major interest rate benchmarks. Following the review, the FSB published a report setting out its recommended reforms of some major interest rate benchmarks such as IBORs. Public authorities in many jurisdictions have since taken steps to implement those recommendations. This has in turn led to uncertainty about the long-term viability of some interest rate benchmarks. In these amendments, the term 'interest rate benchmark reform' refers to the market-wide reform of an interest rate benchmark including its replacement with an alternative benchmark rate, such as that resulting from the FSB's recommendations set out in its July 2014 report 'Reforming Major Interest Rate Benchmarks' (the reform). The amendments made provide relief from the potential effects of the uncertainty caused by the reform. A company shall apply the exceptions to all hedging relationships directly affected by interest rate benchmark reform. The amendments are not likely to affect the condensed interim financial statements of the Company.
- Amendments to IFRS-16- IASB has issued amendments to IFRS 16 (the amendments) to provide practical relief for lessees in accounting for rent concessions. The amendments are effective for periods beginning on or after June 01, 2020, with earlier application permitted. Under the standard's previous requirements, lessees assess whether rent concessions are lease modifications and, if so, apply the specific guidance on accounting for lease modifications. This generally involves remeasuring the lease liability using the revised lease payments and a revised discount rate. In light of the effects of the COVID-19 pandemic, and the fact that many lessees are applying the standard for the first time in their financial statements, the Board has provided an optional practical expedient for lessees. Under the practical expedient, lessees are not required to assess whether eligible rent concessions are lease modifications. Rent concessions are eligible for the practical expedient if they occur as a direct consequence of the COVID-19 pandemic and if all the following criteria are met:
- the change in lease payments results in revised consideration for the lease that is substantially the same as, or less than, the consideration for the lease immediately preceding the change;
- any reduction in lease payments affects only payments originally due on or before June 30, 2021; and
- there is no substantive change to the other terms and conditions of the lease.
- Classification of liabilities as current or non-current (Amendments to IAS 1) effective for the annual period beginning on or after January 01, 2022. These amendments in the standards have been added to further clarify when a liability is classified as current. The standard also amends the aspect of classification of liability as non-current by requiring the assessment of the entity's right at the end of the reporting period to defer the settlement of liability for at least twelve months after the reporting period. An entity shall apply those amendments retrospectively in accordance with IAS 8.

- Onerous Contracts Cost of Fulfilling a Contract (Amendments to IAS 37) effective for the annual period beginning on or after January 01, 2022 amends IAS 1 by mainly adding paragraphs which clarifies what comprise the cost of fulfilling a contract, Cost of fulfilling a contract is relevant when determining whether a contract is onerous. An entity is required to apply the amendments to contracts for which it has not yet fulfilled all its obligations at the beginning of the annual reporting period in which it first applies the amendments (the date of initial application). Restatement of comparative information is not required, instead the amendments require an entity to recognize the cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings or other component of equity, as appropriate, at the date of initial application.
- Property, Plant and Equipment: Proceeds before Intended Use (Amendments to IAS 16) effective for the annual period beginning on or after January 01, 2022. Clarifies that sales proceeds and cost of items produced while bringing an item of property, plant and equipment to the location and condition necessary for it to be capable of operating in the manner intended by management e.g. when testing etc., are recognized in profit or loss in accordance with applicable Standards. The entity measures the cost of those items applying the measurement requirements of IAS 2. The standard also removes the requirement of deducting the net sales proceeds from cost of testing. An entity shall apply those amendments retrospectively, but only to items of property, plant and equipment that are brought to the location and condition necessary for the beginning of the earliest period presented in the condensed interim financial statements in which the entity first applies the amendments. The entity shall recognize the cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings (or other component of equity, as appropriate) at the beginning of that earliest period presented.

Annual Improvements to IFRS standards 2018-2020:

The following annual improvements to IFRS standards 2018-2020 are effective for annual reporting periods beginning on or after January 01, 2022.

- IFRS 9 The amendment clarifies that an entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other's behalf, when it applies the '10 per cent' test in paragraph B3.3.6 of IFRS 9 in assessing whether to derecognize a financial liability.
- IFRS 16 The amendment partially amends Illustrative Example 13 accompanying IFRS 16 by excluding the illustration of reimbursement of leasehold improvements by the lessor. The objective of the 'amendment is to resolve any potential confusion that might arise in lease incentives.
- IAS 41 The amendment removes the requirement in paragraph 22 of IAS 41 for entities to exclude taxation cash flows when measuring the fair value of a biological asset using a present value technique.
- IFRS 9 'Financial Instruments' is effective for reporting period / year ending on or after 30 June 2019. It replaces the existing guidance in IAS 39 'Financial Instruments: Recognition and Measurement'. IFRS 9 includes revised guidance on the classification and measurement of financial instruments, a new expected credit loss model for calculating impairment on financial assets, and new general hedge accounting requirements. It also carries forward the guidance on recognition and derecognition of financial instruments from IAS 39.
- Amendment to IFRS 4 Insurance Contracts' Applying IFRS 9 'Financial Instruments with IFRS 4 addresses issue arising from the different effective dates of IFRS 9 and the forthcoming new standard IFRS 17 'Insurance Contracts'. The amendments introduce two alternative options for entities issuing contracts within the scope of IFRS 4, notably a temporary exemption and an overlay approach. The temporary exemption enables eligible entities to defer the

implementation date of IFRS 9. The overlay approach allows an entity applying IFRS 9 from July 01, 2018 onwards to remove from profit or loss the effects of some of the accounting mismatches that may occur from applying IFRS 9 before IFRS 17 is applied.

- The Company has determined that it is eligible for the temporary exemption option since the Company has not previously applied any version of IFRS 9, its activities are predominantly connected with insurance as the percentage of the total carrying amount of its liabilities connected with insurance relative to the total carrying amount of all its liabilities is greater than 90 percent and the company doesn't engage in significant activities unconnected with insurance based on historical available information. Under the temporary exemption option, the Company can defer the application of IFRS 9 until the application IFRS 17.
- To determine the appropriate classification of financial assets under IFRS 9, an entity would need to assess the contractual cash flows characteristics of any financial asset. Indeed, the contractual terms of the financial asset give rise, on specified dates, to cash flows that are solely payments of principal and interest on the principal amount outstanding ('SPPI") i.e. cash flows that are consistent with a basic lending arrangement. In a basic lending arrangement, consideration for the time value of money and credit risk are typically the most significant elements of interest.
- IFRS 9 defines the terms "principal" as being the fair value of the financial asset at initial recognition, and the "interest" as being compensation for
 - (i) the time value of money, and
 - (ii) the credit risk associated with the principal amount outstanding during a particular period of time:
- The tables below set out the fair values as at the end of reporting period and the amount of change in the fair value during that period for the following two groups of financial assets separately:
- a) financial assets with contractual terms that give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding, excluding any financial asset that meets the definition of held for trading in IFRS 9, or that is managed and whose performance is evaluated on a fair value basis, and
- b) all other financial assets.

3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies and method of computation adopted in preparation of these condensed interim financial statements are consistent with those followed in preparation of the annual financial statements of the Company for the year ended December 31, 2019.

4. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

The preparation of the condensed interim financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates.

The significant judgements made by management in applying the Company's accounting policies and the key source of estimation uncertainty were the same as those that were applied to the annual financial statements for the year ended December 31, 2019.

There are no changes in the tax contingencies from those reported as at the end of latest audited financial statements i.e. December 31, 2019 except for the case mentioned below on which proceedings initiated after year end.

A show cause no 1490668 dated January 30, 2020 for short payment of sales tax Rs. 36.1 million has been issued from the office of Assistant Commissioner Sindh Revenue Board Karachi, for commission received from re-insurers, by Habib Insurance Company Limited during the period January to December 2012 to January to December 2013, the adjudication proceeding are under process, and the tax advisor is confident the outcome of favour to be decided in our favour, hence no provision is recorded in the financial statements.

The Company has filed return of total income for the tax year 2019 (financial year ended December 31, 2018) against which a notice under section 122(5A) has been served on the Company for amendments in the return filed by the Company for the said tax year, the amendments mainly relate to non withholding of tax on commission paid, addition on amount of cash withdrawal and admissibility of various provision / expenses / credits etc. The return was filed declaring income for the year at Rs. 128,594,162 with tax chargeable at Rs. 36,346,907 and claiming refund at 42,498,350. The order creates demand of Rs. 35,277,590 against which the Company submitted its reply through its legal advisor. The tax advisor believes that modification will be made by the department therefore no provision has been made in the financial statements for the year June 30, 2020.

24 MANAGEMENT OF INSURANCE AND FINANCIAL RISK

Insurance and financial risk management objectives and policies are consistent with those disclosed in the annual financial statements for the year ended December 31, 2019.

25 FAIR VALUE OF FINANCIAL INSTRUMENTS

IFRS 13 - 'Fair Value Measurement' establishes a single source of guidance under IFRS for all fair value measurements and disclosures about fair value measurement where such measurements are required as permitted by other IFRSs. It defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e. an exit price). Adoption of IFRS 13 has not affected the condensed interim financial information.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and financial liabilities is considered not significantly different from book value.

The following table shows financial instruments recognized at fair value, analysed between those whose fair value is based on:

Level 1: guoted prices in active markets for identical assets or liabilities;

Level 2: those involving inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices); and Level 3: those with inputs for the asset or liability that are not based on observable market data (unobservable inputs).

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Habib Insurance Company Limited – Window Takaful Operations

Report on review of Interim Financial Statements

Introduction

We have reviewed the accompanying condensed interim statement of financial position of Habib Insurance Company Limited – Window Takaful Operations ("the Fund") as at 30 June 2020 and the related condensed interim statement of comprehensive income, condensed interim cash flow statement, condensed interim statement of changes in fund, and notes to the condensed interim financial statements for the six-month period then ended (here-in-after referred to as the "interim financial statements"). Management is responsible for the preparation and presentation of this interim financial statements in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these interim financial statements based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial statements is not prepared, in all material respects, in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting.

Emphasis of matter

We draw your attention to Note 20.1 to the condensed interim financial statements which states that the admissible assets of Participant Takaful Fund are less than its liabilities as at 31 December 2019 which is not consistent with the requirements of Rule 10(k) of Takaful Rules 2012. Our report is not modified in respect of this matter.

Other matter

The figures for the quarters ended 30 June 2020 and 30 June 2019 in the condensed interim statement of comprehensive income have not been reviewed and we do not express a conclusion on them.

The engagement partner on the review resulting in this independent review's report is Muhammad Taufiq.

Date : 31 August 2020

Chairman

Director

RAFIQ M. HABIB MANSOOR G. HABIB AUN MOHAMMAD A. HABIB SHABBIR GULAMALI MURTAZA HUSSAIN Chairman Director Director Chief Executive Chief Financial Officer Director

Chief Financial Officer

Notes to the Condensed Interim Financial Statements for the six months period ended June 30, 2020 (Unaudited)

1 LEGAL STATUS AND NATURE OF BUSINESS

- 1.1 Habib Insurance Company Limited (the Operator) was incorporated in Pakistan in 1942 as a public limited company under the Companies Ordinance, 1984 (now Companies Act, 2017) to carry on general insurance business. The Operator was allowed to work as Window Takaful Operator on July 18, 2018 by Securities and Exchange Commission of Pakistan (SECP) under SECP Takaful Rules, 2012 to carry on General Window Takaful Operations (WTO) in Pakistan. The Operator is listed at Pakistan Stock Exchange Limited. The registered office of the Operator is situated at Habib Square, M.A. Jinnah Road, Karachi.
- 1.2 During the period, the novel coronavirus (COVID 19) emerged and since then, the condition has continued to deteriorate. On January 30, 2020, the International Health Regulations Emergency Committee of the WHO declared the outbreak a "Public Health Emergency of International Concern". The COVID-19 pandemic has significantly impacted the market around the world to date and may continue to do so in the coming months of 2020 whereby potentially impacting the earnings and cash flows of the Company. The scale and duration of this outbreak remains uncertain and as it evolves globally in 2020, the company based on its current assessment considered that there would be no significant impact that will adversely affect its business, result of operations and financial condition of the company.

2 BASIS OF PREPARATION AND STATEMENT OF COMPLIANCE

These condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of: International Accounting Standard (IAS) 34, Interim Financial Reporting, issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017 and provisions of and directives issued under the Companies Act, 2017, the Insurance Ordinance, 2000, Insurance Rules, 2017, Insurance Accounting Regulations, 2017, Takaful Rules, 2012 and the General Takaful Accounting Regulations, 2019. Where the provisions of and directives issued under the Companies Act, 2017, Insurance Ordinance, 2000, Insurance Rules, 2017, and Insurance Accounting Regulations, 2017, Takaful Rules, 2012, and the General Takaful Accounting Regulations, 2019 differ with the requirements of IAS 34, the provisions of and directives issued under the Companies Act, 2017, Insurance Ordinance, 2000, Insurance Rules, 2017, and Insurance Accounting Regulations, 2017, and Takaful Rules, 2012 and the General Takaful Accounting Regulations, 2019 have been followed. These condensed interim financial statements reflect the financial position and results of operations of both the company and PTF in a manner that the assets, liabilities, income and expense of the company and PTF remain separately identifiable.

Change in accounting policy

Securities and Exchange Commission of Pakistan (SECP) vide its S.R.O. 1416(I)/2019 dated November 20, 2019 has issued General Takaful Accounting Regulations 2019. Accordingly, the operator has changed the format for preparation and presentation of condensed interim financial statements to comply with requirements of the regulations. The application of these regulations for the purpose of preparation and presentation of the condensed interim financial statements are effective from January 01, 2020.

2.1 Basis of measurement

These condensed interim financial statements have been prepared on the historical cost basis except for available for sale investments that have been measured at fair value.

2.2 Functional and presentation currency

These condensed interim financial statements are presented in Pak Rupees which is also the Operator's functional currency. All financial information presented in Pak Rupees has been rounded to nearest Thousand Rupees, unless otherwise stated.

2.3 Amendments to approved accounting standards that are effective in the current period

There are certain amendments to existing accounting standards that have become applicable to the company for accounting periods beginning on or after January 01, 2020. These are considered either not to be relevant or not to have any significant impact on the Company's condensed interim financial statements.

2.4 Standards, interpretations and amendments to published approved accounting standards that are not yet effective

The following International Financial Reporting Standards (IFRS Standards) as notified under the Companies Act, 2017 and the amendments and interpretations thereto will be effective for accounting periods beginning on or after January 01, 2020:

- Amendment to IFRS 3 'Business Combinations' Definition of a Business (effective for business combinations for which the acquisition date is on or after the beginning of annual period beginning on or after January 01, 2020). The IASB has issued amendments aiming to resolve the difficulties that arise when an entity determines whether it has acquired a business or a group of assets. The amendments clarify that to be considered a business, an acquired set of activities and assets must include, at a minimum, an input and a substantive process that together significantly contribute to the ability to create outputs. The amendments include an election to use a concentration test. The standard is effective for transactions in the future and therefore would not have an impact on past condensed interim financial statements.
- Amendments to IAS 1 Presentation of Financial Statements and IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors (effective for annual periods beginning on or after January 01, 2020). The amendments are intended to make the definition of material in IAS 1 easier to understand and are not intended to alter the underlying concept of materiality in IFRS Standards. In addition, the IASB has also issued guidance on how to make materiality judgments when preparing their general purpose condensed interim financial statements in accordance with IFRS Standards.
- On March 29, 2018, the International Accounting Standards Board (the IASB) has issued a revised Conceptual Framework for Financial Reporting which is applicable immediately contains changes that will set a new direction for IFRS in the future. The Conceptual Framework primarily serves as a tool for the IASB to develop standards and to assist the IFRS Interpretations Committee in interpreting them. It does not override the requirements of individual IFRSs and any inconsistencies with the revised Framework will be subject to the usual due process this means that the overall impact on standard setting may take some time to crystallise.
- The companies may use the Framework as a reference for selecting their accounting policies in the absence of specific IFRS requirements. In these cases, companies should review those policies and apply the new guidance retrospectively as of January 01, 2020, unless the new guidance contains specific scope outs. Interest Rate Benchmark Reform which amended IFRS 9, IAS 39 and IFRS 7 is applicable for annual financial periods beginning on or after 1 January 2020. The G20 asked the Financial Stability Board (FSB) to undertake a fundamental review of major interest rate benchmarks. Following the review, the FSB published a report setting out its recommended reforms of some major interest rate benchmarks such as IBORs. Public authorities in many jurisdictions have since taken steps to implement those recommendations. This has in turn led to uncertainty about the long-term viability of some interest rate benchmarks. In these amendments, the term 'interest rate benchmark reform' refers to the market-wide reform of an interest rate benchmark including its replacement with an alternative benchmark rate, such as that resulting from the FSB's recommendations set out in its July 2014 report 'Reforming Major Interest Rate Benchmarks' (the reform). The amendments made provide relief from the potential effects of the uncertainty caused by the reform. A company shall apply the exceptions to all hedging relationships directly affected by interest rate benchmark reform. The amendments are not likely to affect the condensed interim financial statements of the Company.

- IFRS 14 Regulatory Deferral Accounts (effective for annual periods beginning on or after July 01, 2019) provides interim guidance on accounting for regulatory deferral accounts balances while IASB considers more comprehensive guidance on accounting for the effects of rate regulation. In order to apply the interim standard, an entity has to be rate regulated - i.e. the establishment of prices that can be charged to its customers for goods or services is subject to oversight and/or approved by an authorized body. The term 'regulatory deferral account balance' has been chosen as a neutral descriptor for expense (income) or variance account that is included or is expected to be included by the rate regulator in establishing the rate(s) that can be charged to customers and would not otherwise be recognized as an asset or liability under other IFRSs. The standard is not likely to have any effect on Company's financial statements.
- IFRS 9 'Financial Instruments' is effective for reporting period / year ending on or after June 30, 2019. It replaces the existing guidance in IAS 39 'Financial Instruments: Recognition and Measurement'. IFRS 9 includes revised guidance on the classification and measurement of financial instruments, a new expected credit loss model for calculating impairment on financial assets, and new general hedge accounting requirements. It also carries forward the guidance on recognition and derecognition of financial instruments from IAS 39.
- Amendment to IFRS 4 Insurance Contracts' Applying IFRS 9 'Financial Instruments with IFRS 4 addresses issue arising from the different effective dates of IFRS 9 and the forthcoming new standard IFRS 17 'Insurance Contracts'. The amendments introduce two alternative options for entities issuing contracts within the scope of IFRS 4, notably a temporary exemption and an overlay approach. The temporary exemption enables eligible entities to defer the implementation date of IFRS 9. The overlay approach allows an entity applying IFRS 9 from July 01, 2018 onwards to remove from profit or loss the effects of some of the accounting mismatches that may occur from applying IFRS 9 before IFRS 17 is applied.
- The Company has determined that it is eligible for the temporary exemption option since the Company has not previously applied any version of IFRS 9, its activities are predominantly connected with insurance as the percentage of the total carrying amount of its liabilities connected with insurance relative to the total carrying amount of all its liabilities is greater than 90 percent and the company doesn't engage in significant activities unconnected with insurance based on historical available information. Under the temporary exemption option, the Company can defer the application of IFRS 9 until the application IFRS 17.
- To determine the appropriate classification of financial assets under IFRS 9, an entity would need to assess the contractual cash flows characteristics of any financial asset. Indeed, the contractual terms of the financial asset give rise, on specified dates, to cash flows that are solely payments of principal and interest on the principal amount outstanding ('SPPI") i.e. cash flows that are consistent with a basic lending arrangement. In a basic lending arrangement, consideration for the time value of money and credit risk are typically the most significant elements of interest.
- IFRS 9 defines the terms "principal" as being the fair value of the financial asset at initial recognition, and the "interest" as being compensation for (i) the time value of money, and (ii) the credit risk associated with the principal amount outstanding during a particular period of time.
- The tables below set out the fair values as at the end of reporting period and the amount of change in the fair value during that period for the following two groups of financial assets separately:
 - a) financial assets with contractual terms that give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding, excluding any financial asset that meets the definition of held for trading in IFRS 9, or that is managed and whose performance is evaluated on a fair value basis, and

b) all other financial assets.

#### 3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies and method of computation adopted in preparation of these condensed interim financial statements are consistent with those followed in preparation of the annual financial statements of the Operator for the year ended December 31, 2019.

#### 4 CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

The preparation of the condensed interim financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates.

The significant judgements made by management in applying the Operations' accounting policies and the key source of estimation uncertainty were the same as those that were applied to the annual financial statements as at and for the year ended December 31, 2019.

### 19. FAIR VALUE OF FINANCIAL INSTRUMENTS

IFRS 13 defines fair value as an exit price. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised with in the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

The following table shows financial instruments recognized at fair value, analysed between those whose fair value is based on:

Level 1:Quoted (unadjusted) market prices in active markets for identical assets or liabilities;

Level 2:Valuation techniques for which the lowest level input that in significant to the fair value measurement is directly or indirectly observable.

Level 3:Valuation techniques for which the lowest level input that is significant to the fair value.

Following are the assets where fair value is only disclosed and different from their carrying value.

The carrying values of remaining financial assets and liabilities reflected in these financial statements approximate to their fair value.

#### 20 GENERAL

Figures have been rounded off to the nearest Thousand Rupee.

20.1 Rule 10(k) of Takaful Rules 2012 requires that an Operator shall ensure that there is in each Participant Takaful Fund, at all times, a surplus of admissible assets excess of its liabilities. However, certain portion of contribution due but unpaid for more than 3 months and investments in listed companies in aggregate have been considered as inadmissible assets as per guidelines provided for determination of solvency. Resultantly, as at 30 June 2020, the admissible assets of Participants Takaful Fund (PTF) are less than its liabilities by Rs. 15.9 million which is not consistent with the requirements of the said Rule. The Operator is making efforts to mitigate the deficit including providing Qard-e-hasna and it is expected that the deficit would be met in the near future.

#### CORRESPONDING FIGURES 21

The General Takaful Accounting Regulations 2019 have introduced certain presentation and classification requirements for the elements of condensed interim financial statements. Accordingly, the corresponding figures have been rearranged and reclassified wherever considered necessary to comply with the requirement of General Takaful Accounting Regulations, 2019.

Following major reclassifications have been made during the period other than disclosed elsewhere in these condensed interim financial statements.

		(Rupees in '000)
